

March 31, 2022, 8:30 a.m. – 3 p.m.
**Nevada Medium- and Heavy- Duty Electric Vehicle
State Policy Bootcamp and Showcase**

The bootcamp will cover the wide-ranging benefits of medium- and heavy-duty (MHD) electric vehicles (EVs) – from refuse trucks and delivery vans to school buses, transit buses, and tractor trailers. We will also discuss the importance of electrifying MHD vehicles in Nevada and the policy opportunities for accelerating their deployment. Government leaders and industry experts will discuss the state of the market, the policy landscape, the latest technology developments, and the experiences of public- and private sector fleets that are transitioning to EVs.

Emcee: Rose McKinney James, Managing Principal at McKinney & James Associates and Energy Works LLC
